On Monday all of Year 3 travelled to Mater Maria for a taste of high school. Our school was linked up with St Kevin’s Dee Why throughout the day to experience different subjects that we will participate in when we reach Year 7.

Our day started off with a PE lesson. We then moved onto science where we got to watch experiments in the making. Then came the languages of Japanese and Italian. That was lots of fun. Our final experience was music, where we learnt a song and played the drums.

QUOTES FROM THE STUDENTS

- I loved getting a balloon at the end of the day
- My favourite part was making the origami in Japanese
- Balancing on the balance bean with a sack was lots of fun
- I can’t wait to go to high school
- Do elephants really clean their teeth??????
