Police Talk

On Wednesday the 8th February Constable Tui came to talk to Stage 3 about Cyber Safety. Constable Tui shared the acronym THINK, which stands for Tell, Hide Interesting, Nice and Keep.

Firstly, **Tell**; if someone is typing nasty messages about you or posting inappropriate photos of you.

**Hide**; any important details and passwords.

Ask parents if some *Interesting* websites are appropriate.

**Nice**; if someone writes something nasty resist the temptation to retaliate.

**Keep**; to not give any personal information to strangers.

Just a reminder - the legal minimum age for Instagram, Facebook and Snapchat is 13. We all found it a very informative talk.
